

**PALTmed Texas Geriatrics Annual Conference 2025: *GERIATRICS: A Capitol Idea***  
**Session Objectives and Speaker Bio**

**Speaker(s): Gurpreet Singh, MD, MSc**

**Title: *Hip and Knee Arthritis Management and Latest Innovations in Hip/Knee Replacement***

Friday, August 1 from 8:00am to 9:00 am

Objectives:

1. Diagnose and treat hip and knee arthritis with non-operative means and know when to refer to an orthopaedic surgeon.
2. Demonstrate understanding of management of painful hip and arthroplasty and when to refer to an orthopaedic surgeon.
3. Demonstrate management of wound complications after hip and knee arthroplasty

Dr. Gurpreet Singh is an orthopedic surgeon in UT Health Austin's Hip and Knee Clinic within the Musculoskeletal Institute. He specializes in primary and revision hip and knee replacements. Dr. Singh is an assistant professor in the Dell Medical School. Dr. Singh earned his bachelor's from The University of Texas at Austin, his medical degree from The University of Texas Southwestern Medical Center. He completed his residency in orthopedic surgery at The University of Texas Health Science Center at San Antonio and a fellowship in adult reconstructive hip and knee surgery at Western University in Ontario, Canada. Dr. Singh's clinical interests include same-day joint replacement surgery, minimally invasive surgery, anterior approach hip replacement, and complex and revision hip and knee replacements.
